International Universities and Colleges- Submit an official course-by-course credential evaluation for every school you have attended. You will need to send your official international records to an evaluation company. The company will then send the University of Mount Olive a copy of your transcripts with an evaluation, converting your international grades to their U.S. equivalent. We recommend using IEE (<http://www.foreigntranscripts.com>) for the evaluation.

- If you are still enrolled at your college or university at the time of application, you will need to have an evaluation completed now.
- You must also send an updated credential evaluation prior to your enrollment at the University of Mount Olive.

U.S. High School Graduates- submit an official copy of your high school transcript with graduation date.

International Secondary School Graduates who have completed less than one (1) year (2 full-time semesters) of University courses must submit an official course-by-course credential evaluation for every school attended.
