MISSION STATEMENT

The University of Mount Olive is a Christian faith-based, values-centered private institution rooted in the liberal arts tradition. We serve our students, our founding church, and our communities.

FROM THE PRESIDENT

Dear Friends of the University of Mount Olive:

I am pleased to provide you with this report of annual contributions to the University of Mount Olive for the fiscal year July 1, 2014 through June 30, 2015. It has been an exciting year for the University, and so much of this has been made possible through the generous support that individuals and organizations like you have provided to us.

This year has witnessed the growth of our first graduate degree, the expansion of our RN to BSN degree program, the opening of newly renovated facilities to serve our growing Fine Arts programs, and the phenomenal growth of our agriculture programs. Two new residence halls have just been completed and have allowed us to serve an increasing number of resident students. All of this has occurred through prudent fiscal management and through the stewardship of those funds that have been donated to the University. Because of your generosity, we continue to be able to provide transforming experiences for all of our students. We are able to keep our charges among the lowest in the entire state and to provide financial aid to keep this University affordable to all qualified students, regardless of their family resources.

As I think about the University, I am so often reminded of the visionary leadership that established this institution more than six decades ago. They saw the need for an institution of higher education that would serve students, the denomination, and the community. Now, we are certainly much larger than in the past, our students are served not only in Mount Olive, but also through numerous locations throughout the eastern region of North Carolina and through online opportunities, and we continue to find new and exciting ways of being in service to the Convention of Original Free Will Baptists, and we serve all of the communities where we have our locations. I find it remarkable that despite the passage of time and growth of the University, that the original vision remains just as relevant.

It is an honor and a pleasure to work at the University of Mount Olive. Each day, I am able to witness remarkable things that are happening; each day, I am able to see that we are changing the lives of our students, as well as serving our church and our communities. What a remarkable opportunity that you have helped to provide for all of them.

On behalf of the University, thank you for your belief in what we do. May God continue to bless you, and may God continue to bless the University of Mount Olive.

Sincerely,

Philip P. Kerstetter, Ph.D.
President
